The Timothy Project

Adventures are most fun when you have good friends to trust and who help you get where you want to go. Paul and Timothy had a special friendship in the Bible and Paul challenged Timothy to fulfill the task of sharing the Gospel. Paul loved Timothy as a son and helped him to seek God (1 Corinthians 4:17) There relationship has inspired us to have deeper and more meaning full connections between underclassmen and upperclassman.. In the Timothy Project, you are connected with another member (of the same gender) in our church. We encourage weekly fellowship, like shared meals, coffee, and social activities, as well as prayer and Bible study together. If you are interested in partnering with the Timothy Project, please fill out this form and return it to the Matt McCullar (cowboytex16@tamu.edu) or to Lora Robbins (lmrcatsroville@tamu.edu).
